

Cones Grids

SUPPORTING
year of young people
bliadhna na h-òigridh
2018

To practice:

- Keeping the map 'set' (oriented in the direction you are going)
- Colours, numbers and directions in Gaelic (in pairs, with one giving directions)

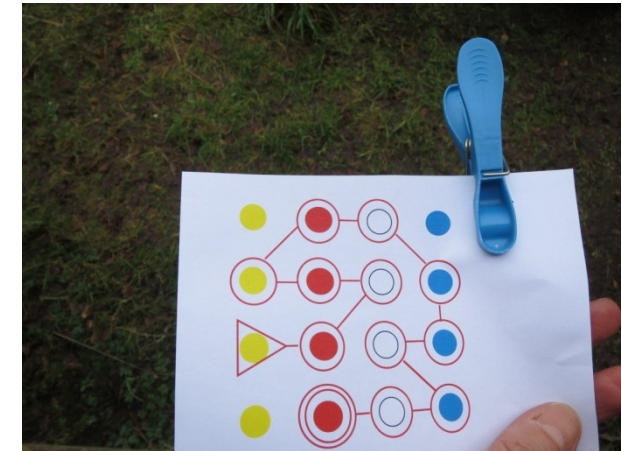

Progression:

1. 3 x 4 grids with coloured rows, right angles then diagonals
2. 4 x 4 grids and from coloured rows to mixed, again straight lines to diagonals.
3. Then remove some cones from the map so only those to visit are shown.

Initially, participants should set map by colours of cones seen. Then introduce concept of "North", marked on later grids with a red line; mark a wall or fence as "North." Optionally, place a peg on that side of the card so you can see more easily that it is being kept set.

Further options:

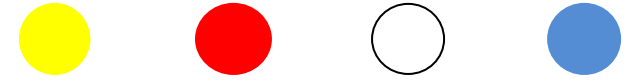

- Use the blanks (coloured or mono) to make your own routes. Suggested routes are identified with an UPPER CASE LETTER (A to U).
- Use supplied plans (labelled W, X, Y and Z) to lay out grid with specific numbers or letters at each cone; add up numbers or make words. Answers for each route on each plan are supplied.

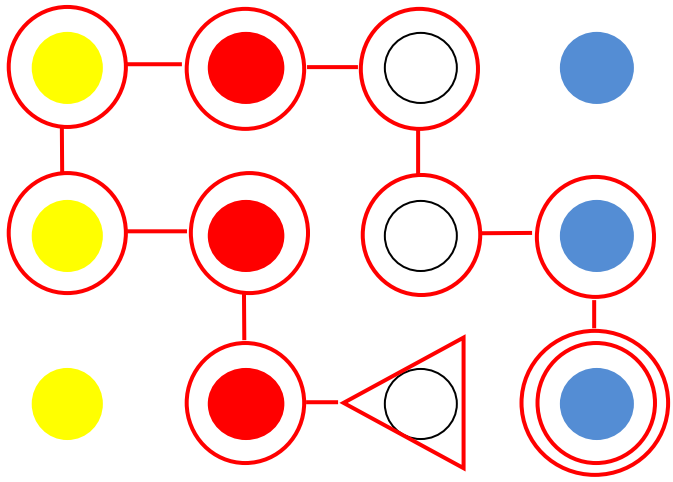

Remember to share pics of your activity!
