

Skills Transfer

This seemed to include both WHAT skills need to be passed on and HOW to pass them on.

WHAT

1 Mapping – club mappers – organised support; updating maps

Problems with limitations of OCAD licences to one computer

Professionals – the future

2. Planning – club based – start local. Experienced planners should not be planning level D events.

3. Computing – use of sport-ident punching and Autodownload software

4. Communications – website; social media,

5. Press reporter

6. Race officials

7. “Enforcers” – encouraging others to take on planning/organisers (“Club event co-ordinator?”)

8. Committee roles

9. Coaching and support

HOW

Courses (SOA) – SOA to offer courses and/or clubs need to ask for courses

- mapping (sources, OCAD, surveying)
- Planning; controlling; organising
- IT/Autodownload

Volunteer development weekends

Rotating jobs

Delegating jobs

Pairing an “apprentice” organiser with an experienced one.

Using a Volunteer Manager

Having Confidence in Youth (eg Running the cake stall)

Social media

Give recognition to people who have used their skills eg T-shirts for the planner, organiser, IT people

Is there a possibility of giving some credit for skills for the Coach Education Award?

Hold Club evenings with specific aims/skills – after a mini event for example

Developing an SOA event organising manual (collating versions from various clubs)
