

ScotJOS season and Selection Update

Mar 19th 2020

Due to Corvid-19 government restrictions we have had to reassess the season.

Training camps

- The May weekend (15-17th May) is cancelled.*
- The ScotJOS summer tour is very unlikely to happen, however we may replace it with a week in Scotland or the Lakes if travel, access etc is possible at the planned time (early July) or else later in the summer (eg early August).
- We hope that the Last Blast weekend can go ahead as scheduled and are working on this assumption.

Selections

- Selection for Inter-Regionals and Junior Home Internationals will be made on results so far this year, later results (if any events happen in time) and all known form. This is, of course, assuming these races go ahead.
- Selection for next season's squad will be based on any race results and also on a special training day to be organised in late August/September which all first year 14's will be invited to attend.
