

# SOA Challenge 2

## Colouring In!

Below is a map of Stirling, created using the Blueprint from OpenOrienteeringMap (<https://www.oomap.co.uk/>). Dig out your best colouring pencils or felt tip pens and get creative in colouring it in - no need to stick with orienteering map symbols and colours - go crazy! The Sprint Eurometing comes to Stirling in 2021 - your chance to come and enjoy orienteering in Stirling -and see what it really looks like!

The map can be downloaded as an A4 page from <https://www.scottish-orienteering.org/resources/puzzles-and-challenges>
