

SOA Puzzle 37

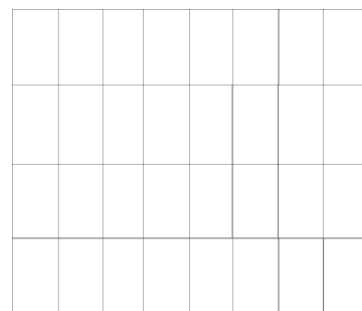

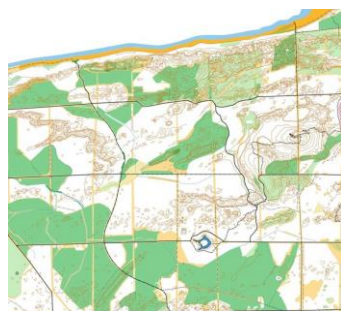

Tour of Scotland - Culbin

Jigsaw

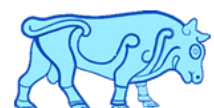

Re-arrange the jigsaw pieces to form a map of part of Culbin forest. The jigsaw pieces have been formed using the grid pattern of forest rides.

The pieces will fit in a regular grid pattern and the completed map is shown as a guide.

The forests of Culbin were planted to stabilise the sand dunes and provide fantastic orienteering opportunities with their intricate contour detail.

Thanks to Moravian for the use of the map.
