Tour of Scotland - Edinburgh

Urban Muddle

Maps from 4 different areas of Edinburgh have been muddled up - can you sort them out?

Edinburgh is the capital city of Scotland and has a wide range of urban terrain. The map extracts today come from three newer residential areas in the south of the city - Liberton, Gracemount and Swanston as well as the historic Dean Village in the north. The city will host the World Orienteering Championships in 2024.

Thanks to Interlopers for the use of the maps.
