

SOA Puzzle 44 - Solution

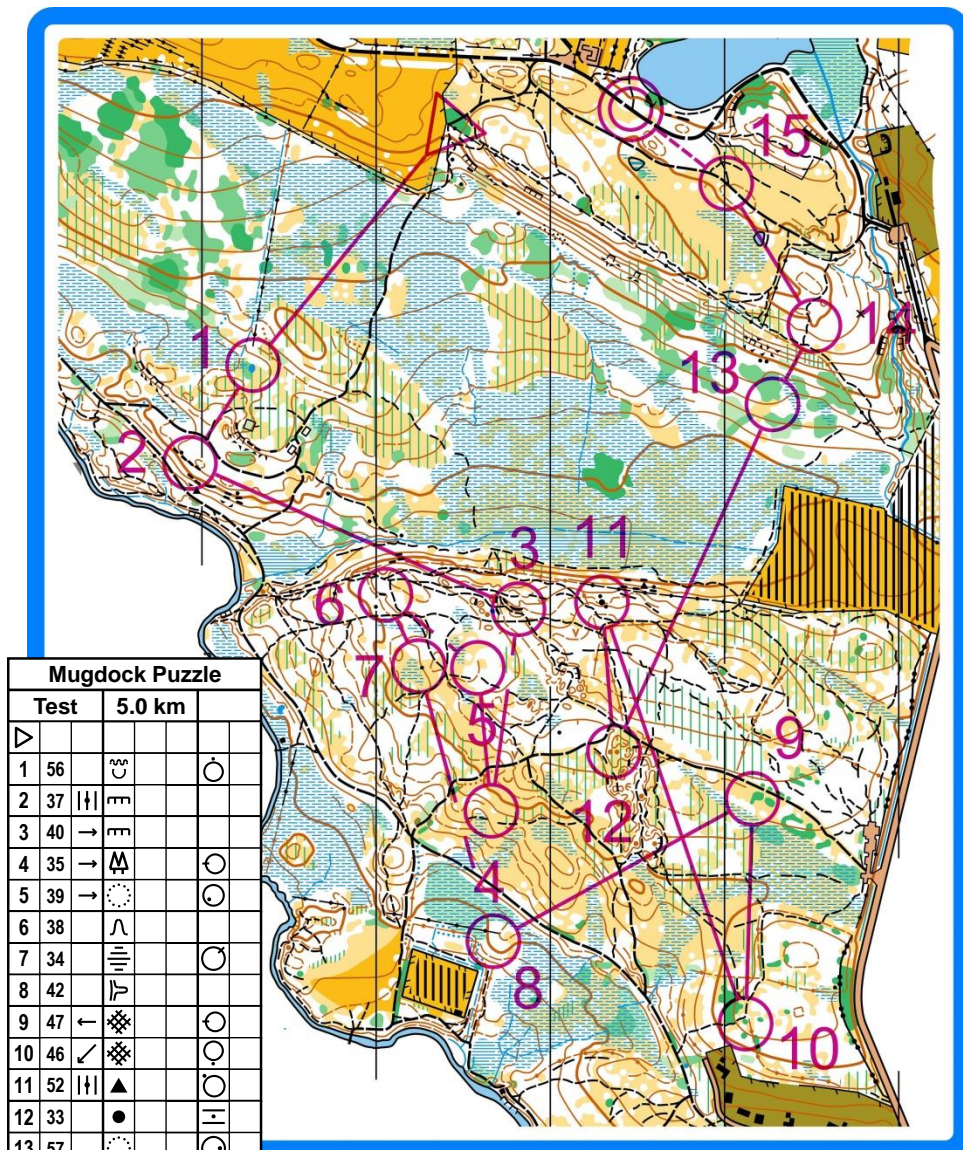

Tour of Scotland - Mugdock Country Park

Control Matching

The planner has created the course shown below but unfortunately the only control descriptions are for the All Controls map. Can you match the controls on the course to the correct numbers in the control descriptions?

Mugdock Country Park, North of Glasgow, has an interesting heritage with evidence of Stone Age settlements and a Bronze Age farm. There have also been Crannogs, Castles, Gallows, a Baronial mansion and Victorian Gardens on the site. It also provides interesting orienteering (and wet feet!) Thanks to CLYDE for the use of the map.
